Title Tag: About Breezerland | Fragrance Manufacturer in Rajkot, Gujarat, India

Meta Description: Learn about Breezerland — manufacturer and exporter of fragrance compounds and perfumes in Rajkot, Gujarat. Custom fragrance solutions, private label perfumes, and B2B supply since 2020.

Focus Keywords: about Breezerland, fragrance manufacturer Rajkot, perfume compound exporter Gujarat, custom fragrance India

H1 — About Breezerland: Your Trusted Fragrance Partner

Founded in 2020, Breezerland has rapidly established itself as one of Rajkot's most trusted names in fragrance compound manufacturing and export. Operating from our facility in Gondal Road, Rajkot, Gujarat, we specialise in manufacturing fragrance compounds, perfume compounds, fine fragrances, attars, and a wide range of aromatic products for industrial and consumer use.

H2 — Our Story

Breezerland was founded with a clear vision: to give businesses across India access to a reliable, quality-focused fragrance compound supplier who understands both the art of perfumery and the practicalities of B2B supply. Our founder, Parth Patadiya, combined technical expertise in fragrance chemistry with deep market knowledge to create a company that delivers real results for its clients.

Today, we serve manufacturers across personal care, household products, cosmetics, air care, and corporate gifting — providing compounds and finished fragrances that meet industry standards and consistently delight end consumers.

H2 — Our Mission

To make premium-quality fragrance compounds and perfume solutions accessible to every business — from startups launching their first scent line to established FMCG brands seeking a reliable bulk fragrance supplier.

H2 — Our Core Values

Title Tag: Fragrance Compounds, Perfume Sprays, Attars & More | Breezerland, Rajkot

Meta Description: Explore Breezerland's complete product range: fragrance compounds, spray perfumes, attars, air fresheners, essential oils, household fragrances, and corporate gifting perfumes. Bulk B2B supply from Rajkot, Gujarat.

Focus Keywords: fragrance compound supplier India, perfume spray manufacturer, attar supplier Rajkot, air freshener manufacturer Gujarat, corporate gift perfume, bulk perfume oil

H1 — Our Complete Product & Service Range

At Breezerland, we offer a comprehensive portfolio of fragrance products — from industrial-grade raw perfumery compounds to beautifully packaged consumer perfumes and corporate gifting collections. Every product is manufactured with precision, using carefully sourced ingredients and rigorously tested fragrance formulations.

01. FRAGRANCE PERFUMES

Consumer & B2B spray perfumes

High-quality, long-lasting spray perfumes available in multiple sizes, ideal for personal use, retail, private labelling, and gifting. Available in bulk for distributors and brand owners.

- 60ml Spray Perfume
- Maximus Perfume Fragrance (range)
- Maximus Essential Perfume
- Cosmetic Fragrance Perfume
- 20ml Pocket Perfume Spray Bottle

02. PERFUMERY COMPOUNDS — RAW MATERIALS

For manufacturers & blenders

High-concentration fragrance compounds designed for manufacturers who blend their own formulations into soaps, shampoos, cosmetics, detergents, or consumer perfumes. Available in various grades.

- Raw Material For Perfumery
- Maximus Perfume Compounds
- Maximus Perfume Compound (multi-grade)
- Perfume Premix
- Perfume Mix Solvent

03. PERFUME FRAGRANCE — SPECIALTY PRODUCTS

Hair, room & personal care

Specialty fragrance products crafted for specific personal care and home applications. Formulated for compatibility with carrier oils, room sprays, and roll-on formats.

- Hair Oil Fragrance
- Room Fragrance
- Roll On Perfume
- Imported Perfume Oils
- Attar Bottle (traditional & modern)

04. AIR FRESHENERS & HOME FRAGRANCES

Homes, hotels, offices & vehicles

Aromatic solutions designed to freshen and scent indoor environments. Available for retail packaging and bulk industrial supply.

- Toilet Freshener
- Car Fragrance
- Air Diffuser
- Attar (traditional room fragrance)

05. HOUSEHOLD & PERSONAL CARE FRAGRANCES

Soaps, detergents & dishwash

Specially engineered fragrance compounds compatible with alkaline bases used in soaps, detergents, and dishwash products. Provides long-lasting scent through washing cycles.

- Dish Wash Fragrance
- Soaps & Detergent Fragrance Compound
- Soap Fragrance Compound
- Maximus Essential Oils

06. CORPORATE & GIFTING PERFUMES

Events, brands & bulk gifting

Premium packaged perfumes designed for corporate gifting, festive collections, product launches, and promotional campaigns. Custom branding options available.

- Corporate Gifting Perfumes
- Attar Gift Sets
- Custom Branded Spray Bottles
- Pocket Perfume Gift Packs
- Imported Perfume Oil Gift Sets

07. CONSULTING & BRAND DEVELOPMENT

Launch your own perfume brand

End-to-end support for entrepreneurs and businesses building their fragrance brand from scratch. We handle formulation, testing, packaging guidance, and private label production.

- Perfume Spray Formulation Consulting
- Perfume Brand Development
- Custom Scent Creation & Testing
- Private Label Perfume Manufacturing
- Packaging & Bottling Guidance

Title Tag: Why Choose Breezerland | Reliable Fragrance Manufacturer India

Meta Description: Discover why businesses across India choose Breezerland for fragrance compounds, perfume manufacturing, and custom aromatic solutions. Quality, reliability, and competitive pricing from Rajkot, Gujarat.

Focus Keywords: best fragrance manufacturer India, reliable perfume compound supplier, custom fragrance solutions Gujarat, B2B perfume supplier Rajkot

H1 — Why Businesses Choose Breezerland

In a competitive market, Breezerland stands apart through technical expertise, product consistency, and a genuine long-term partnership approach with every client.

◆ Custom Formulation Capability

We don't sell one-size-fits-all solutions. Our team works closely with you to develop bespoke fragrance profiles that match your product positioning — whether it's a mass-market soap or an ultra-premium luxury perfume collection.

◆ Quality-Controlled Manufacturing

Every batch of fragrance compounds and finished perfumes undergoes thorough internal quality checks before dispatch. We maintain consistent olfactory profiles, safe ingredient ratios, and stable shelf-life across all our products.

◆ Wide Product Portfolio Under One Roof

From raw perfumery compounds to consumer-ready sprays, attars, essential oils, air fresheners, and household fragrance compounds — we supply across 7+ fragrance categories from a single source, simplifying your procurement.

◆ B2B & Export-Ready Operations

We understand the demands of bulk buyers and export-oriented businesses. Our packaging, documentation, and logistics are structured to support smooth domestic deliveries and international export shipments.

◆ Competitive Pricing — Direct Manufacturer

As a direct manufacturer, we eliminate distributor markups. You receive competitive pricing on all fragrance compounds and perfumes without any compromise on ingredient quality or batch consistency.

◆ **Fast Turnaround &
Reliable Supply**

Operating from Rajkot — a key industrial hub in Gujarat — we supply clients across India efficiently, with quick sample dispatch, scalable production capacity, and reliable delivery timelines that keep your manufacturing on track.

◆ **Perfume Brand
Development Support**

Beyond manufacturing, we actively assist new fragrance brands with formulation consulting, private labelling, and scent selection. We are not just your supplier — we are your partner in building a successful fragrance business.

Title Tag: How Breezerland Works | Fragrance Manufacturing Process India

Meta Description: Breezerland's simple 5-step fragrance manufacturing process — from your initial enquiry to final delivery. Custom fragrance solutions made easy for B2B buyers across India.

Focus Keywords: fragrance manufacturing process India, custom perfume order process, bulk fragrance compound order Gujarat

H1 — From Enquiry to Delivery: Our 5-Step Process

Getting the right fragrance solution should be simple. Here is exactly how we work with clients — from your first message to the final shipment arriving at your door.

STEP 01

Share Your Requirements

Tell us about your product — whether it's a soap fragrance compound, a spray perfume, an attar, or a private-label brand you want to launch. Share the quantity, target price range, and any specific fragrance notes, references, or application requirements you have in mind. WhatsApp or call us at +91-8047672314 to get started.

STEP 02

Sample Development

Our in-house fragrance team develops a custom sample based on your brief. We focus on matching your desired scent profile while ensuring the compound is fully compatible with your intended product base — whether that's a soap, detergent, spray, oil, or cream.

STEP 03

Review & Refinement

We dispatch fragrance samples for your evaluation. You share feedback — adjust the top notes, increase longevity, change the base intensity, or request a completely different direction. We refine iteratively until you are completely satisfied with the result.

STEP 04

Pricing & Order Confirmation

Once your sample is approved, we provide a formal quotation with bulk pricing, minimum order quantity, packaging options, and production and delivery timelines. You confirm the order with an advance payment, and we schedule production.

STEP 05

Production, Quality Check & Dispatch

We manufacture your complete order under quality-controlled conditions. Before dispatch, every batch is checked for consistency, potency, and safety. We then package and ship securely — with documentation suited for both domestic delivery and export.

Title Tag: Breezerland Client Reviews | Trusted Fragrance Supplier India

Meta Description: See what clients across India say about Breezerland's fragrance compounds, perfume manufacturing, and B2B service. Quality, reliability, and results our clients trust.

Focus Keywords: Breezerland reviews, fragrance compound supplier reviews, perfume manufacturer India testimonials

H1 — What Our Clients Say About Us

We take pride in the lasting relationships we build with our clients. Below is sample content for the testimonials section. Replace with actual verified client reviews once collected. Consider adding a Google Review widget and IndiaMart ratings here.

"Breezerland's soap fragrance compounds are consistently excellent — the scent strength is exactly what our product line needs, and their turnaround time is impressive. Highly recommended for any personal care manufacturer looking for a reliable compound supplier."

**Soap & Detergent
Manufacturer**

Rajkot, Gujarat

"We launched our own perfume line with Breezerland's formulation consulting service. Parth and the team guided us from scent selection all the way to final packaging. They are a true brand development partner, not just a supplier."

**Personal Care Brand
Owner**

Ahmedabad, Gujarat

"Ordered corporate gifting perfumes for a large company event. The quality and packaging were excellent — very premium feel. Delivery was on time and communication was smooth throughout. We will definitely work with Breezerland again."

**Corporate Gifts
Supplier**

Surat, Gujarat

"We needed a reliable bulk fragrance compound supplier for our detergent range. Breezerland delivered consistent batches at competitive pricing with no quality issues. The compounds hold scent well through the wash cycle — exactly what we needed."

FMCG Manufacturer

Mumbai, Maharashtra
